

German for international professionals

Career, language and culture: open online German courses in proven inspire quality

Online group courses for CEF A2 and B1: flexible and practical

Our open online courses "German for Business" help international professionals quickly find their feet in the Austrian working environment, both linguistically and culturally. The courses combine business German training with specific tips on living and working in Austria – **flexible, interactive and ideally suited to individual employees.**

Target

International professionals and expats who want to improve their German language skills for work and everyday life in Austria.

Course

Courses at CEF levels A2 and B1 will be offered from October 2025 and CEF B2 courses from early 2026. Each course includes:

- **36 lessons of business German**
Practical lessons with a focus on German as a business language: meetings, presentations, everyday communication at work (formal and informal conversations with colleagues and customers, emails, technical vocabulary).
- **4 lessons "Living & Working in Austria"**
Accompanying lessons on intercultural issues, integration and practical everyday topics.

Funding

Courses can be subsidised through waff and regional programmes such as the Salzburger Bildungsscheck.
